## Technical Skills

*Programming:* Python3, JavaScript ES6+, SQL

*System design tools:* Microservices, Domain-driven design, Message passing, Event Sourcing

*Back-End:* Django4, RabbitMQ, PostgreSQL, MongoDB, Fast API

*Front-End:* React, DOM manipulation, WebSockets, React Hooks, Redux Toolkit, HTML5, CSS

## Application Development Experience

**Pawgress** | Full-Stack Developer

2023

- Created a full stack application with a team for a pet boarding and training facility
- Designed the frontend and backend flow using wireframes and created a path for either users or customers and implemented secure authorization using JSON Web Tokens ensuring authorized access to the appropriate role
- Deployed the application on Galvanize Cloud and GitLab CI/CD pipelines to review merge requests and pass pipeline tests

**CarCar** | Full-stack Developer

2023

- Built a full stack application as the platform for an automobile dealership to visualize employees, manage appointments, and log inventory.
- Utilized Django with Python as the primary language and React with Javascript to build an application that used RESTful APIs to allow for communication between front and back end.

## Professional Experience

**RFRD Academy** *Dog Trainer*

2022-Present

- Evaluated dogs' disposition and temperament to create a plan to teach the dogs basic commands in a method that is best suited for the dog's personality and accommodating for the owners.

**LuvCafe** *Shift Lead*

2019-2022

- Maintained customer satisfaction for over 70 rotating tables daily by providing professional, responsive service while working front of the house, back of the house, and cashiering duties.
- Increased the average tip by 20% by hosting special events for sports games and holidays through extensive event coordinating and management.

**KT Dragon Tattoo Studio** *Manager/Receptionist*

2020-2021

- Managed calendar schedules, expense reports, inventory, and social media accounts in the studio for four artists and three apprentices.
- Planned and coordinated all details for out of state tattoo conventions including hotels, flights, inventory, transportation, and paperwork.

## Education

**Hack Reactor**, *Advanced Software Engineering Certificate*

2023

**University of California, Santa Barbara**, *Biology, Pre-Med*

2016- 2018
